## **SAFE AND EASY INTERNATIONAL STUDENT HOSTING!!**

**NO LIABILITY, NO RISK, NO PROBLEM SAFE AND EASY HOSTING**

Family with or without children, as well as responsible single adults can become a host family. All that is required of our hosting families is that they can provide a warm and loving environment for our students and are interested in encouraging the student to become an active member of their family and school.

What do we provide our Host Families?

1. Thorough screening and selection of students
2. No legal and medical liability
3. Comprehensive support service and 24 hour emergency number
4. Compensation for students stay (not a volunteer program)
5. Up to 3 weeks of exchange program for one of your family member!
